NAPLES

Service for Citizen Safety and Civil Protection VOLUNTEERS MANAGEMENT

Since 1995, the Service has promoted and supported the creation of Civil Protection Volunteers associations.

The Service currently manages around 30 Volunteers associations which are specialised in different sectors related to Prevention and Emergency Management

Over 800 self-sufficient Volunteers support the emergency management and the assistance to the population, both in prevention than in the emergency phases, as well as during the organization of important events ('grandi eventi')

NAPLES

Service for Citizen Safety and Civil Protection VOLUNTEERS MANAGEMENT

The volunteers associations are being managed in the framework of the project named NOEM (Nuceli Operativi per l'Emergenza. Emergency Operational Teams).

They perform activities in the fields of prevention, people education, relief and assistance.

The Municipality also promote NOEMs training to raise their ability for intervention, co-ordination, and their professional and technological skills.

NAPLES

Service for Citizen Safety and Civil Protection INFORMATION AND ASSISTANCE TO POPULATION

The Civil Protection website (<http://www.comune.napoli.it/protezionecivile>) provides indications and instructions on general and particular arguments related with people safety .

The Service also promotes education activities in schools. 200 evacuation drills were organised in schools in the last 3 years.

Information campaigns are promoted on specific risks:
Industrial, seismic, etc.
